

KHANGELANI MHLAKANE

Emerging Full-Stack Web Developer
Cape Town | kmhlakane@gmail.com | 083 394 6726

[LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

A detail-oriented emerging full-stack web developer experienced in building responsive applications with React, JavaScript, and modern CSS. Skilled in backend development using Node.js and Python, with expertise in integrating RESTful APIs. Passionate about creating clean, user-friendly interfaces and solving real-world problems through code. A quick learner with strong adaptability, effective communication, and problem-solving skills. Collaborative team player dedicated to delivering high-quality, scalable software solutions.

EDUCATION

Cape Peninsula University of Technology	2024 – 2025 Diploma in Computer Engineering (ECP)
Life Choices Academy	2025 – 2026 Software Development Bootcamp — ITC Foundation Modules, Front-End, Back-End, Databases, E-Commerce, Enterprise Apps
Phandulwazi High School	2023 NSC Matric Certificate

SKILLS PROFILE

Languages & Tools: Python, SQL, React, JavaScript (Vue.js, Vuex), Node.js, HTML, CSS, Oracle
Databases: SQL, Firebase
Version Control: Git & GitHub

FULL-STACK DEVELOPMENT PROJECTS

E-commerce App github.com/sandiliviwe04/TownshipsEats-App	02/2026 – 03/2026
- Built responsive and user-friendly front-end interfaces using modern web technologies - Integrated backend functionality for product listings, user interactions, and order management - Enhanced user experience by delivering seamless navigation and efficient performance	
HR-Management App github.com/Gazelle608/core_project_1	11/2025 – 12/2025
- Designed and developed a Human Resources web application for managing employee data - Implemented responsive UI components to improve usability and accessibility - Applied UI/UX best practices to create clean, intuitive, and efficient user interfaces	
Oracle APEX App — OT Smart Analytics View live application	03/2026 – 03/2026
- Built an OT Enterprise Systems application using Oracle APEX (low-code platform) - Designed interactive dashboards and dynamic data visualizations for business insights - Developed database-driven features to improve data accessibility and decision-making - Improved user navigation and overall system efficiency through structured UI design	

PROFESSIONAL EXPERIENCE

Trainee, Life Choices	09/2025 – 04/2026
- Completed an intensive software development bootcamp focusing on front-end and full-stack development - Built real-world applications using modern technologies and best coding practices - Collaborated with peers on projects, strengthening teamwork and communication skills - Applied problem-solving and debugging techniques in a fast-paced environment - Developed responsive, user-friendly applications with a focus on performance and usability
